INDEPENDENT AUDITORS' REPORT

Board of Trustees African Wildlife Foundation and Subsidiaries Nairobi, Kenya

Report on the Audit of the Consolidated Financial Statements *Opinion*

We have audited the accompanying consolidated financial statements of African Wildlife Foundation and Subsidiaries (collectively referred to as AWF), which comprise the consolidated statement of financial position as of June 30, 2022, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of AWF as of June 30, 2022, and the changes in their net assets and their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of AWF and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AWF's ability to continue as a going concern for one year after the date the consolidated financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of AWF's internal control. Accordingly, no such opinion is
 expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AWF's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The accompanying consolidated financial statements as of and for the year ended June 30, 2022, include activities of AWF, Inc. as well as the activities of its subsidiaries; these entities are referred to as AWF. All material intercompany balances and transactions have been eliminated in consolidation.

Basis of Accounting

The consolidated financial statements of AWF have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). As such, revenues are recognized when earned and expenses are recognized when the underlying obligations are incurred.

(WITH SUMMARIZED FINANCIAL INFORMATION AS OF JUNE 30, 2021)

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents

Cash and cash equivalents include funds in checking accounts and highly liquid funds with maturities of three months or less.

Fair Value Measurement

In accordance with the accounting standards for fair value measurement for those assets and liabilities which are measured at fair value on a recurring basis, as of and for the year ended June 30, 2022, AWF has categorized its applicable financial instruments into a required fair value hierarchy.

The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest-level input that is significant to the fair value measurement of the instrument. Applicable financial assets and liabilities are categorized based on the inputs to the valuation techniques as follows:

Level 1 – Financial assets whose values are based on unadjusted quoted prices for identical assets or liabilities in an active market that AWF has the ability to access.

Level 2 – Financial assets whose values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability.

Level 3 – Financial assets whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect management's own assumptions about the assumptions a market participant would use in pricing the asset or liability.

As of and for the year ended June 30, 2022, only AWF's investments, as described in Note 3 of these consolidated financial statements, were measured at fair value on a recurring basis.

<u>Investments</u>

Investments recognized at fair value consist of equity and fixed-income mutual funds, money market funds, and stocks. Quoted market prices for identical assets in active markets are used to value AWF's securities. In addition, AWF is invested in private companies that are valued at cost.

The change in unrealized gains or losses on investments is included in the accompanying consolidated statement of activities as unrealized gains and losses on investments in nonoperating activities. Realized gains and losses on sales of investments are computed on an average cost method and are recorded on the trade date of the transaction and included in investment earnings and losses in the accompanying consolidated statement of activities as nonoperating activities.

(WITH SUMMARIZED FINANCIAL INFORMATION AS OF JUNE 30, 2021)

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Receivables

Accounts, pledges, and bequests, and public sector grants receivable are stated at net realizable value. Management believes that all outstanding accounts and public sector grants receivable are fully collectible based on a review of historical collections. Accordingly, an allowance for doubtful accounts has not been recorded for these receivables. Pledges and bequests receivable are reported net of an allowance for doubtful accounts and discount for multiyear pledges and bequests due after more than one year from the fiscal year-end of AWF as reported in Note 4.

Property and Equipment

Property and equipment are stated at cost and are depreciated or amortized using the straight-line method over the estimated useful lives of the assets, which range from 3 to 10 years for furniture and equipment, software, and vehicles and 40 years for the buildings. Leasehold improvements are recorded at cost and amortized using the straight-line method over the shorter of the estimated useful life of the improvement or the remaining term of the lease. AWF purchases property and equipment under certain of its grants for use in its foreign field offices. Under the terms of these grant agreements, the grantor retains the right to property and equipment purchased with grant funds. Expenditures for major repairs and improvements are capitalized; expenditures for minor repairs and maintenance costs are expensed when incurred.

Right of Use Asset and Lease Liability

The right of use asset and lease liability are recognized at the commencement date of the lease agreement based on the present value of lease payments over the lease term using AWF's estimated incremental borrowing rate or implicit rate, when readily determinable. The asset is amortized on a straight-line basis over the lease term and is reflected as rent expense in the accompanying consolidated financial statements. The lease liability is reduced as cash payments are made under the terms of the lease. Interest is charged to rent expense for the difference. Short-term operating leases, which have an initial term of 12 months or less, are not recorded on the consolidated statement of financial position.

Classification of Net Assets

Net assets without donor restrictions include revenue derived from contributions, public sector grants and contracts, investment income, and other revenue and support received without donor-imposed restrictions. These net assets are available for the operations of AWF.

Net assets with donor restrictions represent amounts that are specifically restricted by the donor for specific programs or future purposes. They also represent amounts received with donor stipulations that require the gift to be held in perpetuity and permit only the income to be used for the purposes designated by the donors.

(WITH SUMMARIZED FINANCIAL INFORMATION AS OF JUNE 30, 2021)

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition

Unconditional gifts from individuals, legacy gifts and corporate and foundation support are recognized as net assets with donor restrictions if they are received with donor or grantor stipulations that limit the use of the assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statement of activities as net assets released from restrictions. Unconditional gifts from individuals, legacy gifts and corporate and foundation support not designated for specific purposes by the donor are recorded as net assets without donor restrictions when received.

AWF is the beneficiary under various wills and trust agreements of which the total realizable amount is not presently determinable. Such amounts are recorded when a will is declared valid by a probate court and the proceeds are measurable.

AWF has grants with U.S. government agencies and other organizations. Support from government grants is conditioned upon certain conditions and is recognized as contributions when the conditions are met. The expenditures under these grants are subject to review by the granting authority. Revenue recognized on unconditional grants for which payments have not been received is reflected as public sector and other grant receivable in the accompanying consolidated statement of financial position. Grant awards received in advance, but not yet expended, are reflected as refundable advances in the accompanying consolidated statement of financial position.

Events and other income, including list rental revenue and income generated from safaris, is recognized at the specific point in time that the service is provided.

In-Kind Contributions

In-kind contributions reflect goods and services donated to AWF and are recorded as revenue and offsetting expense at their estimated fair value as of the date of the gift. In-kind contributions recorded relate to an ongoing advertising campaign and rent of which the rent expense is classified with in conservation programs and the advertising expenses within education and outreach.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the accompanying consolidated statement of functional expenses. Accordingly, certain costs have been allocated from supporting services to the programs benefited based on total direct expenses. Occupancy, depreciation and amortization, and information technology expenses are allocated based on direct labor hours incurred by each program or supporting service.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Transactions in Foreign Currencies

AWF conducts many of its programs through field offices in foreign countries and, accordingly, transacts in the local currencies of those countries. AWF records transactions denominated in a foreign currency at the United States dollar equivalent as of the date of the transaction. Assets and liabilities of AWF denominated in a foreign currency are revalued in United States dollars at the current exchange rate as of the consolidated statement of financial position date. Any resulting foreign currency transaction gain or loss is recorded in the accompanying consolidated statement of functional expenses as exchange rate fluctuations.

Impairment of Long-Lived Assets

AWF reviews its long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. If the fair value is less than the carrying amount of the asset, an impairment loss is recognized for the difference. During the year ended June 30, 2022, AWF had not recognized any impairment losses.

Estimates

The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Measure of Operations

In its consolidated statement of activities, AWF includes in its definition of operations all revenue and support that are an integral part of its programs and supporting activities. Investment income, including realized and unrealized gains and losses, and paycheck protection loan forgiveness are recognized as nonoperating activities.

Reclassifications

Certain reclassifications of amounts previously reported have been made to the accompanying consolidated financial statements to maintain consistency between periods presented. The reclassifications had no impact on previously reported net assets.

NOTE 7 LEASES

AWF has entered into operating leases for its Washington, DC, office as well as its offices throughout Africa. The leases expire at various dates through August 31, 2028 with a weighted average remaining lease term of 71 years. AWF's lease for office space in Washington, DC, is for a period of 11 years and ends on August 31, 2028. The lease allows for 12 months of rent abatement and a tenant allowance of \$1,277,040. AWF implemented ASU 2016-02 during the year ended June 30, 2020 and, as a result, has recorded a lease liability equal to the present value of the future payments under the terms of the lease, discounted at an estimated organizational incremental borrowing rate of 2.5% which is equal to the weighted average discount rate. This liability is reduced as cash payments are made under the terms of the lease. Interest is charged to rent expense for the difference. AWF has also recorded a right of use asset equal to the lease obligation. The asset is amortized on a straight-line basis over the lease term and is reflected as rent expense in occupancy and maintenance expense in the accompanying consolidated statement of functional expenses.

As of June 30, 2022, the future minimum rental payments required under the operating leases were as follows:

Year Ending June 30,	_	Amount		
2023	_	\$	950,970	
2024			966,984

Rent expense for the year ended June 30, 2022, totaled \$696,818 for long-term operating leases and \$182,460 for short-term operating leases and is included under occupancy and maintenance expense in the accompanying consolidated statement of functional expenses. AWF has elected to recognize payments for short-term leases with a lease term of three months or less as expense as incurred and these leases are not included as lease liabilities or right of use assets on the statements of financial position.

NOTE 8 LOAN PAYABLE AND LINE OF CREDIT

On March 18, 2019, AWF established a line of credit in the amount of \$2,200,000. *All* outstanding principal and accrued interest will be due and payable on the expiration date, unless renewed or other terms are agreed to. The line of credit requires monthly interest payments on outstanding balances at BSBY daily floating rate plus 2.95%. The line of credit is secured by all assets of AWF. There were draws on the line of credit totaling \$1,425,000 during the year ended June 30, 2022. On July 28, 2021, the line of credit was increased to \$3,000,000 with an expiration date of July 31, 2022. NOTE 9 COMMITMENTS, CONTINGENCIES, AND RISKS

Concentration of Credit Risk

AWF's cash is held in accounts at various domestic and foreign financial institutions. Amounts held in foreign accounts and balances held in domestic accounts that exceed the Federal Deposit Insurance Corporation insurable limit are uninsured. AWF has never experienced, nor does management anticipate any losses on its funds. As of June 30, 2022, uninsured amounts totaled approximately \$1,989,779.

Foreign Operations

AWF is headquartered in Nairobi, Kenya, and has field offices in various African countries for the purpose of conserving the wildlife and wild lands of Africa. The future results of AWF's programs could be adversely affected by a number of potential factors such as currency fluctuations or changes in the political climate.

Compliance Audit

AWF has received grants that are subject to review, audit and adjustment by various federal agencies or other funders for qualified expenses charged to the grants. Such audits could lead to requests for reimbursement to the funder for any expenditures or claims disallowed under the terms of the agreements. The amount of expenditures which may be disallowed by the funders cannot be determined at this time, although AWF expects such amounts, if any, to be insignificant.

Litigation

AWF was a co-defendant in an action brought by a group of individuals who claimed ownership through adverse possession of a private parcel of land purchased for conservation purposes by AWF in fiscal year 2009 in Kenya. The seller of the land was a co-defendant in the suit, as well as the Kenya Wildlife Service, which manages the land on behalf of the Government of Kenya. In July 2018, the High Court of Kenya dismissed the case in favor of AWF and the co-applicants. The plaintiffs filed an appeal to The Court of Appeal of Kenya on July 14, 2018, and this is still pending in court. The matter has been scheduled for a hearing in December 2022. Management is optimistic that this appeal will be dismissed in due course.

COVID-19

The novel coronavirus (COVID-19) outbreak caused business disruption through mandated and voluntary closings of businesses across the world for nonessential services. AWF has been able to continue most of its operations, but some program implementation has slowed because of the constraints placed on travel and in-person training and meetings. AWF continued to operate in all of its landscapes, despite COVID-19. All offices and programs are now fully operational through AWF continues to follow guidance of public health authorities.

NOTE 13 ENDOWMENT FUNDS

Interpretation of Relevant Law

AWF classifies as net assets with perpetual donor restrictions (a) the original value of gifts donated to the perpetual endowment, (b) the original value of subsequent gifts to the perpetual endowment, and (c) accumulations to the perpetual endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. AWF considers the following factors when making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund;
- The purposes of AWF and the donor-restricted endowment fund:
- General economic conditions;
- The possible effect of inflation and deflation;
- The expected total return from income and the appreciation of investments;
- Other resources of AWF; and
- The investment policies of AWF.

(WITH SUMMARIZED FINANCIAL INFORMATION AS OF JUNE 30, 2021)

NOTE 13 ENDOWMENT FUNDS (CONTINUED)

Funds with Deficiencies

From time to time, the fair value of assets associated with individual endowment funds may fall below the fair value of the original gifts. Deficiencies of this nature are reported as part of net assets with donor restrictions. As of June 30, 2022, AWF's program endowment fund did not have any accumulated deficiencies. AWF has interpreted the law to permit spending from underwater endowments in accordance with prudent measures required under law. However, AWF does not intend to appropriate from funds with deficiencies.

Composition of Endowment Funds by Net Asset Category

As of June 30, 2022, AWF's endowment consisted of seven individual funds established for a variety of purposes and included both donor-restricted endowment funds and funds designated by the board of trustees to function as endowments.

AWF's invested endowment funds were as follows:

Total Endowment Funds (7)	\$ 22	2,197,365	\$	4,319,008	\$	26,516,373

Return Objectives and Risk Parameters

AWF has adopted an investment policy designed to preserve and protect endowment funds from erosion of purchasing power of principal and earnings that might otherwise be caused by currency inflation over time. The investment performance goal for the aggregate of AWF's various board-designated and other invested funds is an overall target total return of at least 4% greater than the rate of inflation (as measured by the Bureau of Labor Statistics Consumer Price Index for all Urban Consumers [CPI-U]) and attendant costs of managing AWF's assets. "Total return" of the portfolio is the combination of interest, dividends and other current earnings, plus capital appreciation (or less capital depreciation) for the period. Within the context of donor restrictions, inflation protection and acceptance of prudent levels of investment risk, AWF may utilize specialized fund manager skills to achieve its investment goals.

(WITH SUMMARIZED FINANCIAL INFORMATION AS OF JUNE 30, 2021)

NOTE 13 ENDOWMENT FUNDS (CONTINUED)

Spending Policy on Invested Funds

As of June 30, 2022, AWF's investments included seven individual funds that were either donor-restricted (five funds) or purpose-restricted by the board of trustees (two funds). In the absence of specific spending guidelines established by a donor, AWF has a policy that allows spending up to 3% of these funds' average beginning invested market values for the prior three fiscal years, excluding legacy income; to meet board approved budgeted expenditures. Special circumstances that require additional use of reserves must be approved by the board of trustees upon recommendation from the finance committee.

In establishing this policy, AWF considered its stated return objective with the intent, over the long term, to allow its invested funds to grow at a rate at or above that of inflation. This is consistent with AWF's objective to maintain the purchasing power of the funds' assets held in perpetuity or for a specified term, as well as to provide additional real growth through new gifts and investment return.

During the year ended June 30, 2022, the net transfer consists of the transfer in of \$666,670 and the transfer out of \$2,121,035 which is a withdrawal of the reserves in excess of the spending policy.

Management is focused on sustaining the financial liquidity of AWF throughout the year. This is done through monitoring and reviewing AWF's liquidity needs on a monthly basis. As a result, management is aware of the nature of AWF's cash flow related to AWF's various funding sources and is therefore able to ensure that there is cash available to meet current liquidity needs. As part of its liquidity plan, cash needed to meet operational needs is kept in bank checking and savings accounts while excess cash is invested in publicly traded investment vehicles, primarily equity and fixed income mutual funds and money market funds. AWF can liquidate its investments anytime, and therefore the investments are available to meet current cash flow needs. Additionally, AWF has board-designated net assets that could be available for current operations with board approval, if necessary.
